EDUCATION

Bachelors of Science in Software Engineering **Sep 2021 - June 2025**
National University of Modern Languages (NUML)

WORK EXPERIENCE

Insight Corporation
Jan 2025 - Present

Software Engineer | React.js, React Native, Spring Boot, Node.js, Hapi.js, Mongo Db, FHIR, Elasticsearch

- **Full-Stack Development Proficiency:** Skilled in developing scalable web applications using React.js, Java, Node.js, Express.js and MongoDB. Ensuring high performance, maintainability, and a superior user experience through advanced state management and integration of backend technologies.
- **Innovative Project Leadership:** Leading the development of full-stack applications using React.js for dynamic frontends and Java for robust backend services, with a strong focus on advanced state management, clean styling, and delivering scalable, maintainable solutions.

Code Experts Ltd
Sept 2023 - Apr 2024

Front End Developer Intern | React.js, Next.js, Material UI, Tailwind CSS

- **Optimized Application Performance:** Integrated state management using Redux and Redux Toolkit with React and Next.js, enhancing application efficiency and responsiveness. Employed RTK Queries to streamline data fetching and management processes.
- **Enhanced User Interface Design:** Applied Material UI and Tailwind CSS to create visually appealing and responsive interfaces, driving innovation and improving user experience in web development projects.

PROJECTS

Club Connect | React.js, Tailwind CSS, Node.js, Express.js, Mongo Db, RTK Queries

- Developed a responsive web application Club Connect that enables seamless sports session booking with features like real-time chat, online payments, and QR-based ticketing. The platform also includes a dedicated admin panel for efficiently managing users, bookings, and publishing updates or posts.
- **Live Link: https://club-connect-client.vercel.app**

Sofa Comfort | React.js, Tailwind CSS, Node.js, Express.js, Mongo Db, RTK Queries

- Developed a responsive e-commerce website for sofa shopping with a modern user interface and an admin panel to efficiently manage products and inventory.
- **Live Link: https://sofa-comfort.vercel.app**

Rishta Center | Next.js, Mongo Db, Tailwind CSS

- Developed Risha Center, a full-stack web application for listing and viewing Rishtas, featuring separate user and admin panels for managing and exploring matchmaking profiles.
- **Live Link: https://rishta-center.vercel.app**

Confidant Health App | React.js, React Native, Spring Boot, Hapi.js, Mongo Db

- Built a web platform enabling seamless virtual sessions between members and doctors, with a focus on smooth user experience and reliable system performance.
- **Live Link: https://member.confidanthealth.com**

SKILLS

- **FRONT END DEVELOPMENT: React.js | React Native | Next.js | Material UI | Tailwind CSS | Tamagui**
- **BACK END DEVELOPMENT: Node.js | Express.js | Spring Boot| Mongo Db | Firebase | PostgreSQL**

AWARDS

- **1st Position in IEEE Web Development Competition**
- **2nd Position in Final Year Project**
- **Conducted an online Web Development (MERN Stack) Crash Course**
